International Military Community Executives' Association (IMCEA)

Affiliate Membership

IMCEA is the only international organization that exists specifically to advance the professional development of military MWR/Services program managers.

Affiliate Membership is offered to any person classified as an instructor in an educational institution which educates personnel for positions in military MWR/Services activities. Affiliate Membership is also offered to other organizations that are related to the MWR/Services industry through the work they do and services they provide, but do not qualify as Professional or Associate Members.

Affiliate Associations are essential in helping our professional members receive educational and professional growth opportunities. By promoting your certification programs and educational seminars to our professional members, your association gains access to our military buyers as well as increased brand recognition.

Affiliate Members are allowed similar benefits to Associate Members, with the ability to advertise and promote their services to all IMCEA Members. Networking with Associate as well as Professional Members offers the opportunity to gain access to great industry products and services.

Together, our associations can work together to network, grow and enhance our members' experience.
